

# MEMORIES REVISITED

## ASSIGNMENT

Make a 2-3 minute video about a family story, memory, or moment in time. Use archival media to creatively tell this story from the past.

## RULES

- The story must involve a family. It can be about your own family, or help a friend tell a story about their family. As long as there is at least one familial relation mentioned, you're good.
- You must use at least one form of archival media. It could be very old 8mm film, home videos, old photographs, or sound recordings.
- If the people you consider "family" and want to share a story about are not necessarily blood related, that's okay.
- If you don't have much documentation of the moment you want to tell a story about, feel free to get creative like using reenactments or animations, or any other medium you like, as long as you include one thing from the past.
- Try to tell your story in a way that will appeal to a wide audience. Make sure things are explained for those who aren't familiar with your family, and that you include only the essential facts and most important details.

**DUE: Tues, Sept 11**
